

# Double-Layer Acoustic Curtains

Soundabsorbing Curtains providing  
certified flammability and absorption

Project: Evangeliums-Christengemeinde, Schlangen

A pleasant room acoustics is a prerequisite for relaxed entertaining and efficient work. These high-quality acoustic curtains improve the speech intelligibility in meeting rooms and increase the ability to concentrate in working- and

class-rooms. All of our curtains are flame-retardant, washable and fulfil the Oeko-Tex Standard 100 and are therefore suitable for many applications in public areas. All curtains are tailor-made individually – for this reason custom

designs are not only possible without difficulty but a feature of our day-to-day working. Sewing is included in the price, our customers receive a ready-made curtain.
